

Decor Design Indication

PIXASOLAR - Natural Series

This table indicates an extensive selection of natural elements and the corresponding indicative power per square meter. Each pattern is consisted of 6-12 different graphics to mimic the diversity of natural texture. The resulted graphic will be preformed by a delicate dot-pattern which is imperceptible when look in distance.

Level of brightness (BL)

For each pattern, Pixasolar offers 3 levels of brightness; Higher brightness leads to lower nominal power, while lower brightness leads to higher nominal power.

ID	Color	Indicative Wp per sqm			ID	Color	Indicative Wp per sqm		
		BL 01	BL 02	BL 03			BL 01	BL 02	BL 03
